Letter of Reference

To whom it may concern:

This letter serves to confirm the work undertaken by EcoService LLC for Kentz Russia during the 2010 Chayvo Vessel Inspection Shutdown. As the shutdown management contractor, KentzDEM sub-contracted specific scopes of work to Ecoservice LLC.

Ecoservice were responsible for the provision of breathing air apparatus and training personnel on the use of this equipment.

Ecoservice proved to be reliable and efficient in the execution of their scope of work and bought into the shutdown ethos, and I would have no hesitation in recommending their services.

Regards,
